

**A NOTE FROM DEBBIE CANGI:**

It has been with tremendous pride that I have had the opportunity to represent New Jersey's biggest and best newspaper for 26 years. I am grateful to the Star Ledger for letting me join and support the ICREW organization. I have personally benefited from learning about this industry, keeping current, and most especially building extraordinary relationships. I attend a few other organizations, but this group of professional women has the most to offer and I highly recommend it whenever I have the chance, and will continue to do so. I am currently exploring new opportunities and hope to continue working within this dynamic industry!
